Immaculate 2 bedroom, 2 bathroom executive garden apartment in Bryanston

A pristine garden apartment is now available in the recently launched The Bailey security complex in Bryanston. If you want to live surrounded by gorgeous modern finishes, high ceilings and glamorous fittings, this is the place to be. The light-flooded open-plan living and dining area expands seamlessly into a kitchen with matt black fittings that are offset by white quartz countertops. A glass-topped hob contrasts with stainless steel fittings, and there is space for a double-fridge and three under-counter appliances. Step out through the wide sliding doors onto a covered patio overlooking a pet-friendly garden, ideal for family fun. Both bedrooms are tiled and have ample storage. Each can accommodate a king-sized bed. The master suite overlooks the garden and is en-suite with a large shower. Family and guests have access to the second modern bathroom with soaking tub. There are 2 allocated parking bays just outside the unit – one covered, the other open. This well-managed complex offers free uncapped WIFI and an alternate solar power
