1.7477 HA IS LOCATED BETWEEN AN ACADEMIC INSTITUTION AND A PRIVATE COMPANY

This 1.7477 ha stand is not yet re-zoned

The 1.7477 ha is located between an academic institution and a private company.

So a second academic institution should easily be approved and will turn the area in an educational hub.

To also stick to the COJ Master Plan of the area for retails and Offices developments, a Medical office park will be the link between the industrial side of Linbro Park and Modderfonteine as you can on the pictures.

The opportunity is now available for visionary investors.
